Brand Guidelines

The main mission for WOOF is building the best community and social token on the Solana blockchain.

In the coming months WOOF will be building a fleet of easy-to-understand services that more novice cryptocurrency users can use to trade tokens on Solana, buy/sell NFTs and learn about the blockchain industry, DeFi and avoiding dangerous schemes within the space.

These Brand Guidelines may help to implement a common style and visual appearance for WOOF.

02
The Logo

The Glyph

If the logo is going to be used next to other graphic elements, make sure there is enough space around it to let it breathe.

Lockups and Uses

If the logo is going to be used next to other graphic elements, make sure there is enough space around it to let it breathe.

Accents & Elements

WOOF Elements

On occasion, WOOF will use other graphic elements in addition to the WOOF logo to help define different aspects of the company. These are a little less concrete and may evolve with time.

In Practice

If the logo is going to be used next to other graphic elements, make sure there is enough space around it to let it breathe.

06

Visual Language

In Practice

All photos that represent WOOF should positively reflect our culture and high standards of quality.
